Siu Sai Wan Family Medicine Clinic to commence service August 1

The spokesperson for the Hong Kong Island Cluster announced today (July 28) that Siu Sai Wan Family Medicine Clinic (SSWFMC), located on 2/F, Siu Sai Wan Health Integrated Building, 11 Harmony Road, Siu Sai Wan, Chai Wan, will commence services on August 1 (Saturday). Complementing the Family Medicine Clinics (FMC) in the district, namely Chai Wan Family Medicine Clinic, Wan Tsui Family Medicine Clinic, Shau Kei Wan Jockey Club Family Medicine Clinic, Sai Wan Ho Family Medicine Clinic and North Point Anne Black Family Medicine Clinic, comprehensive one-stop primary healthcare services in the Eastern District will be further enhanced.

Aside from providing doctor consultation services, the SSWFMC will also provide other services through its multidisciplinary healthcare teams such as personalised preventive screenings and care, chronic disease management, vaccinations, and health education. With the commencement of services at the new clinic, service capacity will be increased, and will be enhanced collaboration with primary healthcare services in the district to better address the local health needs.

The spokesperson said, "The SSWFMC adopts a family medicine service model and is committed to providing comprehensive, holistic, continuous and prevention-oriented primary healthcare services. The new clinic has both improved the environment and facilities, and strengthened multidisciplinary healthcare collaboration and professional training to further enhance the overall family medicine services in the district."

In order to ensure that the public are aware of the relevant service arrangements, the Hong Kong Island Cluster will inform residents in the district through various channels, including arranging local District Council members to visit the clinic to better understand the clinic's facilities and services. Some patients with chronic illnesses requiring regular follow-ups at the five FMCs in Eastern District have also been individually notified and arranged with future follow-up appointments at the SSWFMC.

Patients with episodic illnesses can make appointments via the Telephone Appointment System (telephone number: 3153 2930) or the HA Go mobile application's "Book FMC" function. For general enquiries, members of the public can contact the clinic at 3865 7451.
