

Effective Use of Clinic Services

☀ On the Appointment Day

- ▶ Please bring with original documents for identification proof.
- ▶ The sequence of medical consultation is scheduled during booking. Please arrive at the clinic according to the registration time on your appointment slip. Do not come too early to avoid waiting too long and getting too many patients in the clinic.
- ▶ Since consultation time for each patient may vary according to one's clinical condition, and the doctors may be called to attend other medical emergencies, you may have to wait for over an hour for consultation. Please accept our apologies for the inconvenience caused.
- ▶ The SOPD will be closed if rainstorm black warning / typhoon No.8 or above is hoisted. Clinic staff will inform you a new appointment.
- ▶ At your request, the clinic staff would reschedule your appointment according to the computer list. In general, the rescheduled appointment would not fall in a short period of time.
- ▶ If you need additional medication due to rescheduling of appointment, please consider consulting a doctor at the private clinic or the general out-patient clinic.
- ▶ If you need a prompt appointment due to change of clinical condition, assessment and recommendation from clinical staff are required.

Effective Communication

- ▶ Since there is a large demand for SOPD services, doctors have limited time for each consultation. To effectively communicate, you may write down the questions that you would like to ask the doctor prior to the consultation, focus on the questions asked when responding to the doctor's enquiries about your health condition. During dialogue, open and cooperative attitude is appreciated; understand your needs and raise reasonable request. Please be understanding that the clinical staff may have difficulties to meet all your requests.

☀ Your Feedback

- ▶ You are welcome to express opinion about the clinic services by approaching our clinic staff or using our hospital feedback form which is available in every lift lobby. You may also contact our Patient Relations Officer in writing, in person or by phone at 2208 0162.

Tseung Kwan O Hospital

Specialist Out-patient Department (SOPD)

Clinic Services & Charges

SOPD New Case Booking

Our SOPD includes Medical, Surgical, Orthopaedics & Traumatology, Paediatrics & Adolescent Medicine, Ophthalmology, Ear, Nose & Throat and Obstetrics & Gynaecology services. Since there is a large number of new patients, clinic staff will base on guidelines and the information in the referral letters to triage patients into 3 categories, namely First priority, Second priority and Routine, and allocate the appointment according to the computer list. Our specialists will subsequently screen the referral letters again and may advance the appointment if necessary. Please call 2208 0576 for booking procedure, or visit our website http://www.ha.org.hk/tkoh/hrc/hrc_home.htm for the latest waiting time for consultation.

Clinic Charges

Eligible Persons

First attendance :	HK\$ 135
