

## CHAPTER 12 – ACKNOWLEDGEMENT

1201 The Steering Committee would like to express its heartfelt thanks and deepest appreciation to numerous parties in the UK and Hong Kong. Had it not been for their gracious support, warmest reception, valuable advice, kindest sharing, earnest feedback and concerted efforts in the past months, the preparatory work of the Steering Committee in formulating the Doctor Work Reform strategies and recommendations would not have been as smooth. While there are bound to be teething problems, their facilitation and assistance have removed many of the hurdles and will contribute significantly to the success of Doctor Work Reform in the Hospital Authority in the coming years.
